Dometic Microwave Ovens: Comfort in Cooking.

Discover Comfort in Cooking

Even when you're away from home, you can enjoy the pleasure and ease of home cooking thanks to Dometic. Our microwave ovens deliver the multiple cooking functions and programming conveniences you expect in the most advanced residential models. And they're packed with features that allow you to create delicious tasting meals. Fish, poultry, fresh vegetables – it's all on the menu thanks to the speed, power, and simplicity of Dometic microwave ovens.

Multiple Features for Greater Convenience

Dometic microwave ovens are fast, convenient, and flexible. In minutes, you'll create wondrous, delicious meals that are sure to cultivate your sense of adventure. Our microwave-convection model crisps and browns meat to create eye-appealing cuisine. And you'll appreciate the Multi-Stage Cooking feature, on select models, which is great for culinary creations that require slow heating. With Dometic microwaves, there's no boundary to cooking and your menu is limited only by your imagination.

SEVEN MODELS FROM WHICH TO CHOOSE

Microwave cooking is all about speed, comfort, and ease. From over-the-range, countertop, and built-in models to our combination microwave-convection units, you'll find a model sure to meet your needs.

Over-the-Range Models

DOTRC11

This ultimate cooking hybrid combines the fast-heating power of microwave energy with the slow-cook browning and crisping of convection heat.

DOTRM15

At 1.5 cubic feet, it's Dometic's largest microwave oven – with enough capacity to handle virtually all your cooking needs.

DOTR12C/DOTR12CIV

This smart and attractive over-the-range model blends power with capacity to give you the best of both worlds.

Built-In Models*

CDMW12

An affordable space saver that delivers size and power.

CDMW14

Dometic's largest built-in microwave oven combines beauty and function with value.

Countertop Model

CDMW07

Short on space? This 0.7 cubic foot countertop microwave oven is ideal for tight spaces, plus it's portable.

*Separate trim kit required to install unit (see specification chart for details).

Look for these Features

Convection – browns and crisps food.

One Touch – cooks or warms at the touch of a button.

Middle Rack – creates two levels for more usable space.

Turntable – rotates food for even cooking/heating.

Countertop Light – illuminates cooktop/range.

Child Safety Lock – prevents unwanted use of microwave oven.

Air Filtration System (AFS) – dual filter system and fan helps control smoke, grease, and odors.

Microwave-Convection Oven: Best of Both Worlds.

DOTRC11      

This over-the-range microwave-convection oven represents the ultimate in cooking technology. It blends the speed of microwave energy with the slow-cook ability of convection to give you an oven that can handle virtually all your food preparation needs – from cornish hens to applesauce cake. That means meat and poultry are crisp and brown on the outside and succulent and juicy on the inside. And the results will delight and amaze you. Your comfort in cooking is enhanced with the unit's special Combination feature. Two preprogrammed settings make it easy to prepare everything from turkey to date nut bread with both convection and microwave heat – automatically.

Smart Technology

Our Sensor Cook system revolutionizes microwave cooking and takes simplicity to a whole new level. Seven preprogrammed settings heat food items at the touch of a button. An oven sensor detects moisture levels in food and determines how long to cook and at what power level – automatically.

A Step Above

We've put our best foot forward in designing this microwave-convection oven. The easy-to-use control panel has been engineered for maximum efficiency with a minimum of keystrokes (14 preprogrammed Auto Touch cycles) that promote intuitive operation. Its sleek exterior surface and sophisticated contoured lines guarantee a striking visual impression, making it the centerpiece of your kitchen. And its presence will leave no doubt as to your seriousness about the art of cooking.

DOTRC11SS

DOTRC11 HIGHLIGHTS

- Over-the-range styling saves space.
- 850 microwave/1350 convection watts of power.
- 1.1 cu. ft. capacity.
- Choose from black, white, or stainless steel.
- Two-speed fan reduces odors, heat, and steam in your kitchen.
- Two-level light brightens range-top work area.
- 14 Auto Touch cycles.
 - Meat, Poultry, and Fish automatically defrost by weight.
 - Bake and Broil convection settings brown and crisp.
 - Bake and Roast combination settings can cook in sequence.
 - Hold Warm keeps cooked food warm up to 60 minutes.
 - Sensor Cook sets time and power automatically.

Over-the-Range Microwave Ovens: Extra Portions of Convenience.

DOTRM15

Indulge yourself with excess space and heap on the power. Combining 1000 watts with a 1.5 cubic foot capacity, a stoppable glass turntable, and a removable metal rack, this unit can handle everything from game birds to oversized casseroles.

At the same time, it's flexible enough to saute onions and soften ice cream.

But that's just the beginning. At Dometic, we know you demand quality and satisfaction. That's why we've made this unit as attractive and functional as it is affordable. With a discretely positioned cooking guide and simple-to-program cooking options, creating meals could become the best part of your day.

DOTRM15B

DOTR12C/DOTR12CIV*

This over-the-range unit was designed for a smaller fit, yet comes with the kind of power, speed, and convenience you need to tackle even the most elaborate recipes.

Packed with a multitude of must-have features, this microwave allows you to focus on meal preparation with confidence. High on the list are More and Less, which let you easily adjust Auto Cook and Time Cook programs to increase or decrease cooking times. After all, cooking is more of an art than a science. But then you knew that already.

DOTR12CW

*Blower is rotated for room venting.

DOTRM15 HIGHLIGHTS

- Over-the-range setup offers eye-level convenience.
- 1000 watts of power.
- 1.5 cu. ft. capacity.
- Black, white, and stainless steel color options.
- Two-speed vent fan reduces odors, heat, and steam in your kitchen.
- Two-level light brightens range-top work area.
- 9 Auto Touch cycles.
 - 3 Auto Defrost modes defrost poultry, meat, and fish by weight.
 - Ez On one-touch pad cooks at 100% power up to 2 minutes.
 - Reheat warms dinner plate, soup/sauce, casserole, or roll/muffin by serving size.
 - Auto Touch Cook cycle cooks fresh vegetables, frozen vegetables, rice, and casseroles by serving size.

DOTR12C/DOTR12CIV HIGHLIGHTS

- Over-the-range configuration saves space.
- 950 watts of power.
- 1.3 cu. ft. capacity.
- Choose from black, white, or silver.
- Vent fan reduces odors, heat, and steam in your kitchen.
- Light brightens range-top work area.
- 11 Auto Touch cycles.
 - 3 Auto Defrost modes defrost poultry, meat, and fish by weight.

 - Frozen Entree lets you to reheat a frozen 10-ounce item with just one touch.

Built-In Microwave Ovens*: Power and Performance Equals Value.

CDMW12

With 1100 watts of power, this built-in model can handle big cooking jobs. To prove it, we provide cooking techniques for dozens of home favorites like sloppy joes, as well as more exotic delights such as buttered salmon steaks and acorn squash. At the backbone of it all are the cooking tools you depend on for precision and convenience – like One-Touch Cook and One-Touch Reheat, which automatically determine the time required to prepare food items. We've engineered our microwave ovens with these intuitive features so that the comfort and ease of cooking will always remain at your fingertips.

CDMW12S

CDMW14

It's almost a contradiction in terms. A 1.4 cubic foot capacity microwave oven that's also a space saver? Yet that's what you get with this sleek, feature-packed, built-in unit. There are also 1100 watts of power and an easy-to-understand display panel that helps keep you comfortably in control of all your meal preparation needs.

After a long day, it's nice to know there's a handy helper waiting in the kitchen with the power, capacity, and ease of operation that let's you prepare dinner without worry. From User Choice, which lets you customize the control panel display, to nearly a dozen One-Touch features, this unit combines all the best to give you your just desserts.

CDMW14B

*Separate trim kit required to install unit (see specification chart for details).

CDMW12 HIGHLIGHTS

- Built-in for a sleek, finished look.
- 1100 watts of power.
- 1.2 cu. ft. capacity.

Ideas that stir the imagination, stretch the boundaries of performance, and challenge conventional thinking. That is the premise of the Dometic Corporation.

For over 75 years, Dometic has pushed the envelope of innovation with dynamic product systems – setting new standards of comfort, convenience, and efficiency.

Consider our diverse line of microwave ovens, which are programmed with an assortment of time-saving Auto Touch features. Each model is aesthetically designed and quality engineered with the discriminating user in mind.

Today, we are committed more than ever before to advancing our legacy of innovation. Dometic. The difference is innovation.

We are Dometic

Dometic is a leading international supplier of specialty refrigeration products and systems for increased comfort away from home. Dometic provides recreation vehicle and pleasure boat systems and special refrigeration systems for use mainly in the leisure industry, the hotel sector, and medical markets. Dometic has achieved leading global market positions by focusing on its strong customer relationships and developing innovative solutions.

Dometic has production facilities in ten countries, with sales and marketing operations in 35 countries, plus approximately 65 distributors globally. 2002 sales amounted to more than \$782 million, with employees numbering 4,000. Dometic is wholly owned by EQT, a leading private equity group in Northern Europe, and key personnel in Dometic.

Dometic Corporation, Environmental Systems
